

Ken Hovden, D.D.S.

The Surgical Microscope: Your Link to Better Digital Dentistry

November 13 - 14, 2020

Course Itinerary

Friday, November 13

07:25 am	Meet in the lobby for shuttle from the Hotel Pullman San Francisco Bay to IDEA
07:45 am	Breakfast at IDEA
08:30 am – 9:15 am	Lecture: Introduction to the Microscope
09:15 am - 10:00 am	Hands-on: Transition to the simulation laboratory exploring the microscope review positions Using your loupes - preparation of full ceramic crown tooth #12 Keeping track of time and making photo
10:00 am – 10:15 am	Break
10:15 am – 12:30 pm	Upper left quadrant: preventive, minimally invasive composites - preparation and restoration introduction to micro burs
12:30 pm – 01:30 pm	Lunch
01:30 pm – 02:15 pm	Lower left quadrant: preparation and filling of tooth #19 for preventive composite, then mod composite: bonding, layering and luting protocol
02:15 pm – 03:45pm	Lower right quadrant: preparation and filling of tooth # 30 for preventive composite then mod composite: tips and tricks for contact point management then onlay preparation: preparation design for bonded restorations
03:45 pm - 04:00 pm	Break
04:00 pm - 05:30 pm	Upper right quadrant: tooth #3, preventive composite, then preparation and layering mod composite, preparation of 3/4 ceramic crown
05:30 pm - 06:00pm	Welcome Reception at IDEA
06:00 pm	Shuttle from IDEA to the Hotel Pullman San Francisco Bay

Saturday, November 14

07:25 am	Meet in Lobby for shuttle from the Hotel Pullman San Francisco Bay to IDEA
07:45 am	Breakfast at IDEA

08:30 am - 09:00 am	Lecture on documentation
09:00am - 11:00am	Hands-on: Cosmetic treatment of anterior teeth: Layering techniques for natural morphology and using internal staining Tooth #9 class III and #8 class IV filling
11:00 am - 11.15 pm	Break
11:15 am - 12:00pm	Tips for endodontic treatment Endo access on molar, instrumentation, post placement
12:00 pm - 01:00 pm	Lunch
01:00 pm - 03:45 pm	Veneers #7, 8, 9, 10: preparation and temporization Preparation of full ceramic crown #12 with the use of the microscope Keeping track of time and making photo - compare with loupe preparation of day1
03:45pm - 04:00pm	Break
04:00 pm - 05:00 pm	The use of laser and suturing techniques in microscopic dentistry
05:00 pm - 06:30 pm	Graduation Ceremony and Celebration Dinner at IDEA
06:30 pm	Shuttle from IDEA to the Hotel Pullman San Francisco Bay

"Dr. Hovden has a very pleasant and approachable way of teaching. His course on the surgical microscope was extremely helpful. He provided numerous suggestions on how to improve our views and prep techniques. I thoroughly enjoyed the class."

Miles Guyton, General Practitioner, San Jose, CA

"A very good introduction to use of a surgical microscope in general dentistry. If you are looking to incorporate a microscope into your practice, this is a course for you."

Chris Mintern, General Practitioner, Bedford, NC, Canada
