Mini-Residency in State-of-the-Art Endodontics: Experience your Endodontic Excellence

"John and Jordan have changed the Endo game. What was once scary feels, is simplified through basic, evidence proven principles, that I can apply as soon as I return home. It feels rewarding and freeing at once to feel capable of handling most if not all root canal systems that come my way. I love that I didn't feel sold by anything the whole time - everything was evidence based, and Drs. West humbly invited us to test it all out for ourselves. The whole experience was truly lovely - tons of hands on, one on one. I feel reinvigorated to return home and tackle endo!"

Kate Ring, General Practitioner, Oklahoma City, OK

"Every time I come here, I leave as a better dentist. You get your ROI within the first 6 hours. John, Jordan and Staff were so helpful during the course. It was as if I was the only person in class. The individual attention is incredible. All the staff at IDEA from top to bottom wants you to succeed. Everyone treats you as family."

John French Jr., General Practitioner, Sag Harbor, NY

"Getting through that distobuccal canal was the greatest moment of my life" was a direct quote from me during the course, and I was only half-joking. John, Jordan & Team, and the entire IDEA staff made this a truly career-changing, life-changing experience. I cannot say thank you enough!! "

Elizabeth Ponder, General Practitioner, New Orleans, LA

"John and Jordan are fantastic educators. Within the first few hours I knew that the techniques I was being taught would immediately benefit me, my practice, and my patients. It was an excellent investment and I expect it to pay off starting on Monday!"

Soren Michaelsen, General Practitioner, Catoosa, OK

"Drs. John and Jordan West and their team provided an exceptionally approachable, applicable and fun endodontic experience. I learned more in 4 days here than I did in 4 years in dental school"

David Markiewicz, General Practitioner, Mundelein, IL

"The best continuing education academy I have ever been to. Dr. John West and Dr. Jordan West are amazing. The Endo Mini-Residency was beautifully planned and executed, to the world class standards. Dr. Heike Kraemer gathered the best team ever to accommodate the educators to the best of standards. The staff are uber kind, caring and detailed. Overall, a great experience."

Azin Ghesmati, General Practitioner, Washington DC

Interdisciplinary
Dental Education Academy

"Thank you, Jordan, John and Des, for an amazing course! I love how caring and committed you are to helping everyone get what they need. The attitude you bring is inspiring. Thank you for exceeding my expectations!"

Miles Guyton, General Practitioner, San Jose, CA

"John and Jordan have an incredible wealth of knowledge on the topic of endodontics. They both are enjoyable to listen, speak and work with. They keep the mood fun throughout the course, and seem truly passionate about helping each of us succeed."

Caitlin Fleck, General Practitioner, Catoosa, OK

To be the best course in a set of CE available is truly a statement. This was an exceptional, above the clouds type of course on Endodontics. It is rare to be taught by someone so talented and renowned as John and Jordan West. Exceeded expectations 100% :)"

Adam Curtis, General Practitioner, Cambridge, MN

This was hands down the best continuing education course I have ever attended. No other course pays this much attention to "YOUR" individual goals and needs. Thank you, Drs. John and Jordan West. I will forever be grateful for you"

James Varner, General Practitioner, Rogers, AR

"I've learned so much. The instructors were great, and I felt they really cared about me and want to succeed. The staff is friendly and very helpful. Could not recommend this course enough. I now feel confident to perform endo on more difficult cases. Thank you so much!"

Kristin Andrews, General Practitioner, Crown Point, IN

"I found this course extremely helpful in clarifying so many aspects of endodontics. Every possible endodontic issue was covered, and I feel confident my clinical skills will improve as a direct result".

Antonio Cutlatsakes, General Practitioner, New York, NY

"Overall phenomenal course. Speakers and all staff were fantastic. I felt well prepared for endo prior to coming and was humbled here but leaving feeling much more prepared and ready. 10/10 course and experience! I would recommend to anyone!"

Brian Jankowski, General Practitioner, Idaho Falls, ID
