IDEA Alumni Testimonials

Fouad Khoury, D.M.D., Ph.D., Prof., Dr. med. dent., Charles Khoury, D.M.D., M.S., D.U.

Current Concepts in Bone Grafting and Accelerated Implant Treatment: From Minimally Invasive Augmentation to Advanced Surgical Procedures with Autogenous Bone and Soft Tissue Management

"That is the course to go for any types of bony defect to regenerate with stability and very good long-term prognosis."

Alireza Khansari, Periodontist, Poway, CA

"IDEA has found the perfect recipe for success in an educational facility/academy. It all starts with a great group of people, ... then extends to all the other details to make our experience that much more enjoyable, from facility, the meals, the discussions, and all the learning."

Don Hui, Oral Surgeon, Woodbridge, ON, Canada

"The IDEA series of courses are the best that I have ever attended. They offer an excellent combination of practical teaching in the lab setting, and explanation of underlying biological concepts. Thank you Khourys and IDEA!"

Remi Arseneau, Periodontist, Dieppe, NB, Canada

"It's like a light bulb went on after listening to Dr. Khoury brothers! When things make sense and you understand 'why', that is when you truly appreciate what must be done for patients and obtain the results we are looking for!"

Alexandra Bialy, Oral Surgeon, Schaumburg, IL

"Every course I attend at IDEA exceeds my expectations. The small group and direct access to world class clinicians provides an invaluable learning environment. I will definitely be back for more courses."

Drew Czernick, Periodontist, Edmonton, AB, Canada

"Drs. Fouad and Charles Khoury were incredible! The knowledge gained on bone and soft tissue grafting was phenomenal, and I cannot wait to implement those principles. Heike and her team did an amazing job hosting this event."

Pio Modi, General Practitioner, Brantford, ON, Canada

"IDEA is great! Excellent lectures. Great service. High volume of great information."

Scott Redlinger, Oral Surgeon, Reno, NV

"The best bone grafting course I have attended. A must for anyone who plans to graft regularly."

Max Miller, Oral Surgeon, Trois-Rivieres, QC, Canada

Interdisciplinary
Dental Education Academy

"This was an absolutely revolutionary course when it comes to the different paradigms in dentistry. All concepts discussed, although already known, were too well explained. It changed my thinking: I am leaving with a fresh mind full for new concepts ready to apply."
Vikram Singh, General Practitioner, Gig Harbor, WA

"Great didactic and hands-on workshops with biologically driven concepts. Highly recommend their courses."
Behdad Javdan, Periodontist, Roseville, CA

"Can't imagine there is a better course on bone augmentation than this. As Everything taught is based on biologic principles, and long-term evidence. Thank you, Prof. Fouad Khoury and Charles Khoury for sharing your vast knowledge in the last few days."
Patrick Tseng, Periodontist, Chatswood, Australia

"Dr. Khoury is a true master and a great educator. Learning from Dr. Khoury is an amazing experience."
Cathy Zhao, General Practitioner, Richmond Hill, ON, Canada

"I appreciated the theoretical/scientific basis that was presented. This helps us understand why we are doing the technique."
Grant Jong, Oral Surgeon, Corona, CA

Excellent course! The Khoury brothers are incredibly friendly and knowledgeable. Can't recommend this course enough ..."
Kenneth Kimble, Periodontist, Glendale, AZ

"Great class with tremendous amount of practical information."
Nicolas Ravon, Periodontist, Beverly Hills, CA

"The true measure of a CE course is, if it changes how you practice for the better. This course will drastically change how I practice to the dismay of biomaterial sale reps."
Bruce Edwards, Periodontist, Dieppe, NB, Canada

"This course was a game changer for my practice. I have been placing implants for more than 20 years. I wish I had taken these class 10 years ago. Excellent experience for me."
Mauricio Fonrodona, Prosthodontist, Fillmore, CA

"Drs. Fouad and Charles Khoury, are passionate and generous in their teaching. So that one understands theory, biology, why treatment protocols, materials and theories matter using both the immediate and long term. The IDEA team are wonderfully accommodating & attentive. Truly a wonderful experience. Thank you! The quality and diversity of the students is also tremendously enriching. "
Jeff Wasielewski, Oral Surgeon, Plymouth Township, MI

Interdisciplinary
Dental Education Academy

"I thoroughly enjoyed the course taught by the Khoury brothers. Everything about my IDEA experience, from the time of registration to course completion was world-class. I am looking forward to my next IDEA course, soon!"

Vinay Bhide, Periodontist, Aurora, ON, Canada

"This was a great experience to learn the truth and to have new, pure guidelines for a proper, honest way to make correct diagnosis and treatment planning based on pure knowledge. Dr. Khoury is AMAZING."

Setrag Dermendjian, Prosthodontist, Pasadena, TX

"Life changing course. Dr. Khourys' lectures are a reality check of how we are easily influenced by the industry. Recorrecting to basic understanding of our own BIOLOGY. Great to mingle with like-minded professionals."

Aisha Bajwa, Oral Surgeon, Brandwijk, Netherlands

"I am an educator for 10 years. I have attended all bone grafting courses in the US. This course was the perfect course. An eye opener. It will refine my practice of bone regeneration as well as the ability of handling complications. Thank you, Khourys!!"

Ihab Hanna, General Practitioner, Redwood City, CA

"Coming in the course I thought and believed this was the most advanced bone grafting course in the World. After attending the course, I realized how 'Right' and 'Wrong' I was! Right because it is the most advanced course! Hands down yes! Wrong because it's way more amazing, advanced and awesome than I could have ever imagined! Thank you for sharing, teaching and an unbelievably awesome experience! Super grateful!"

Mohammad Ahmad Javaid, Periodontist, Regina, SK, Canada

"This course gives creative, innovative, step-by-step instructions on deficient alveolar bone using the patient's own bone. Very practical and valuable information, plus a higher success rate for your own patients."

Vivian Virata, Periodontist, Makati City, Philippines

"This course has been very valuable to my knowledge and skills. Highly recommended for surgeons who want to improve their knowledge and skills in bone grafts"

Bader Abdeen, Periodontist, Katy, TX

"This is the best course I have been in the last 10 years. This course is very related to my practice. It will be a paradigm shift to my practice. IDEA was very organized and helpful in accommodating me and other participants. I cannot thank you enough!"

Mohamed Ali, General Practitioner, San Francisco, CA

"It has been a pleasure to come away from my busy schedule and find friends who are as passionate as me to learn and educate themselves without pressure from companies. I'll be

back!"

Richard Longbottom, Periodontist, Remuera, New Zealand

"Dr. Khoury's course is the best course I have attended in the last 12 years. It changed my whole perspective about ridge augmentation & Implant Dentistry. It is a must for any implant dentist who is looking to provide the best quality of work and experience to his patients. Highly recommended"

Ahmed Abdelaal, General Practitioner, Greenville, RI

"This course was an amazing educational experience. The Khoury brothers are a perfect balance of theory and practice. They made the 4 days fly by. I am looking forward to learning more to improve my dental practice"

Amy Yeung, Periodontist, Aurora, ON, Canada
