IDEA Alumni Testimonials

Didier Dietschi, D.M.D., Ph.D.

Bio-Esthetic Posterior Restorations: Function, Biomechanics and Esthetics in Synergy: All What Matters for Long-Term Success with Direct & Indirect Techniques

"Incredible course! Amazing presentative, with an amazing hands on component. Everything was systematic to achieve great results."

Joonyon Park, General Practitioner, Kanata, ON, Canada

"It is a privilege to learn from the best clinician and mentor Dr. Didier Dietschi. Great experience. I know I will be back !"

Kami Chervilov, General Practitioner, Oklahoma City, OK

"I have now followed many classes at IDEA. This place is like no other for continuing education. It has built my skills and confidence. I am able to offer predictable high quality treatment to my patients with the latest, most up to date knowledge. I can accomplish things that distinguish me amongst my peers. Most all, IDEA has increased my joy of practicing by 100%. "

Anne-Claire Landry, General Practitioner, Cote Saint-Luc, QC, Canada

"Amazing teacher, amazing course, amazing organization! That is why I keep coming back, it is an amazing journey."

Mouna Hachichou, General Practitioner, Surrey, BC, Canada

"Thank you for bringing dentistry excellence to the US! I was struggling to find answers to my problems, and I appreciate learning from Didier Dietschi who had worked out most of the questions I had. I highly recommended this course to all my dental friends. "

Jenny Stevens, Prosthodontist, Honolulu, HI

"Dr. Dietschi's course was extremely comprehensive. As a practitioner, it gives you confidence knowing there is a better care option, for your patients. After completing this course, I feel equipped to provide better adhesive and comprehensive treatment."

Emma D'Souza, General Practitioner, Burlington, ON, Canada

"Dr. Didier was the strong faculty for composite restorations I had been missing during my years in practice. Strong research evidence consorted by clinical experience, as well as, infectious passion has changed the way I will restore dentitions forward. Thank you for a wonderful experience and great fun! "

Avanika Khanna, General Practitioner, Lucas, TX

Dental Education Academy

"Dr. Didier is an excellent teacher, lecturer and clinician! I have learned so much from this course. I am looking forward to implementing these new skills in my practice."

Sandrine Lam, Prosthodontist, San Mateo, CA

"This was a very informative and practical course introducing me to Biomimetic Dentistry, covering the essentials from bonding protocol to indicators for direct and indirect restorations. Also, I feel more confident in treatment planning cracked teeth cases! Highly recommend Dr. Didier's course! Thank you!"

Anna Kruszelnicki, General Practitioner, Beausejour, MB, Canada

"Dr. Dietschi is extremely knowledgeable. I would recommend this course to any dentist who is interested in learning new techniques, and knowledge about adhesive direct and indirect restorations."

Viethung Tran, General Practitioner, Winnipeg, MB, Canada

"High quality CE course."

Junping Bergin, Prosthodontist, Seattle, WA
